Hello!

We're humble and we make portable mood lights with a friendly spirit that are easy to place, easy to use, easy to love.

Recharge your candlelight

A few years ago, we wondered why there wasn't a better alternative for candles when it came to creating atmosphere. What if there was a safer, rechargeable light source that could create the same cosiness and romance?

In response, we joined forces with design studio APE and set out to build a friendly, battery-powered lamp that could provide instant warmth and personality. In late 2019, we launched our first design that put the bulb front and centre: the Humble One.

In this catalogue we're introducing five soft fabric finishes for the One, classy glass shades for our recently introduced Two and, last but not least, our first app-controlled smart light: the One S.

The next few pages give you an overview of all the lamps currently in our collection. If we've piqued your interest, feel free to contact me directly via jorren@humblelights.com.

One soft

The Humble One is the first battery-powered lamp that puts the bulb front and centre. On average, a full charge produces up to 140 hours of light. Charge the lamp via cable, wirelessly on any Qi-standard charger, or on our matching humble charging docks.

Our latest development is the inclusion of a stain-proof fabric. It seamlessly covers the jacket and makes picking up a Humble light an extra soft experience.

Available in 5 on-trend colours, all paired with a stylish off-white base.

One Soft - Mint & Clay

New

One original

The Humble One is the first battery-powered lamp that puts the bulb front and centre. On average, a full charge produces up to 140 hours of light. Charge the lamp via cable, wirelessly on any Qi-standard charger, or on our matching humble charging docks.

Under the hood of the One is a clever, modular, battery-powered system, in which all components are easily serviceable and replaceable. This gives it an even longer potential lifespan – and makes upgrades an option as well.

One aluminium

The Humble One is the first battery-powered lamp that puts the bulb front and centre. On average, a full charge produces up to 140 hours of light. Charge the lamp via cable, wirelessly on any Qi-standard charger, or on our matching humble charging docks.

Made entirely of aluminium, the base and jacket are perfectly matched. Available in three premium metal finishes: gold, silver and titanium.

One S smart table light

Want to integrate your Humble light into your smart home?

The new Humble One S is compatible with all major Zigbee 3.0 systems and let's you control your lights by app, voice or physical switch. Available in 5 classic finishes.

For more information and a complete list of compatible systems, please check out the link on the left.

One S - Black wood & Walnut

New

New

TWO smoked glass

The Humble Two is a portable, dimmable tablelight with a signature refined look. To create its slim silhouette, the batteries were reconfigured to fit inside the central column. Fully charged they can produce up to 96 hours of light.

A new addition to the Two family has an expertly crafted smoked glass shade, generating more light all around. Together with its metal mesh diffuser this provides a candle-like view of the looped filament. Elegant. Modern. Stylish.

Two Titanium - Smoked glass

New

New

TWO frosted glass

The Humble Two is a portable, dimmable tablelight with a signature refined look. To create its slim silhouette, the batteries were reconfigured to fit inside the central column. Fully charged they can produce up to 96 hours of light.

Next to working with smoked glass, we also created a frosted shade. Its classy diffused light combined with the perfectly machined metal parts gives the lamp a nostalgic, almost art-deco feel.

Two Gold - Frosted glass

New

TWO aluminium

The Humble Two is a portable, dimmable tablelight with a signature refined look. To create its slim silhouette, the batteries were reconfigured to fit inside the central column. Fully charged they can produce up to 96 hours of light.

With its matching aluminium shade, a perfect circle of light is directed onto your table, making it the ideal dinner companion. Its aluminum body is available in three classy, somewhat more sophisticated finishes, including gold, silver and titanium.

Wireless Charger – Double

Replacement bulbs

Accessories

We offer all kinds of fun accessories to make Humble lights even more enjoyable to use.

Firstly, we offer 3 versions of our Wireless charger: the single, double and six – names speak for themselves. These are all 10W high speed chargers made from black stained bamboo with a USB-C cable connection.

Our RF remote allows you to control all Humbles within a 10 meter radius simultaneously. In case of an accident – or if you want to switch between clear and smoked glass – you can also order our bulbs separately.

Our Wall Base makes it possible to use your One or Two as a wall light. Strictly speaking, it's nothing more than a clever, good-looking bamboo shelf.

General product information

Materials

Base	aluminium
Cover	PBT or aluminium
Bulb	glass
Seals	silicon

Environment

Indoor, occasional outdoor use possible
(don't leave outside, but can withstand a rain shower)
IP22

Dimensions

Ø: 8,5 cm / 3.3 in, H: 19,5 cm / 7.7 in

Packaging dimensions

H: 25 cm / 9.9 in, W: 11 cm / 4.4 in, D: 11 cm / 4.4 in

Weight

Product (One): 0,31 kg / 0.69 lbs
Incl. packaging (One): 0,50 kg / 1.10 lbs

Product (One alu): 0,29 kg / 0.64 lbs
Incl. packaging (One alu): 0,47 kg / 1.04 lbs

Colli quantity

12 pc / sales colli qty: 1 pc

Technical specifications

Light source: E27 low-voltage bulb
Power: > 1W, 3V
Kelvin: 2200k
Dimmable: 3 levels

Candle 8 lumen
Ambient 16 lumen
Work 43 lumen

Battery capacity: 4000 mAh / 3.7V
Charging cable: USB-C to USB-A
Control: Toggle switch on bottom of base
Adapter: 5V 2A (= 10W, recommended)
5V 3A (= 15W, max)

Battery life

Candle: > 140 hours
Ambient: > 80 hours
Work: > 40 hours

Charging

Charging wirelessly or via cable (USB-C to USB-A).
Charging time to full power with USB cable: up to 4 hours, depending on what adaptor is used. Charging time to full power wirelessly: up to 6 hours with 10 W wireless charger. Any Qi certified wireless charger is suitable to charge a humble® One light.
